

Alpine Mortgage Planning

07.29.2013

FOR IMMEDIATE RELEASE

Local Mortgage Company Named as a Top Work Place by the Orange County Business Journal
Three year winner has employees to thank for this honor

Irvine, CA- Alpine Mortgage Planning: A Division of Pinnacle Capital Mortgage Corporation was named the 11th 2013 Best Places to Work in Orange County for the third year in a row. An anonymous and volunteer-based survey was distributed to employees, analyzed by an expert and ranked based on numerical values.

Alpine prides itself on educating first time home buyers on the loan process, the joys of first time home ownership and the reality of the American dream. The awards program, a project of the Orange County Business Journal and Best Companies Group created in 2009, coincides with our core values of teamwork, empowerment, positivity and excellence. This county-wide survey and awards program was designed to identify, recognize and honor the best places of employment in Orange County. Alpine and its ranking were recognized via special section of the Orange County Business Journal's July 29th issue and online at www.ocbj.com.

"Alpine Mortgage Planning is delighted to accept this award for the third consecutive year on behalf of its employees and customers," Business Development Manager, Robert Goulette, said, "We work together as a team to meet the needs of our customers and are able to deliver exceptional customer service because the employees of AMP are empowered at the local level to make decisions that delight our customers." Goulette continues on to say, "With a POSITIVE attitude and standard of excellence in all we do, we look forward to many more years of service to our wonderful customers."

The Best Companies Group managed overall registration, distribution, and analyses of results of the two-part survey. Part one, worth 25% of the total, evaluated each company's workplace policies, practices and demographics, part two, worth 75% of the total, consisted of an employee survey to measure the employee experience. The combined scores determined the top companies and final ranking. The survey was open to the public and companies had to fulfill the following requirements before applying; have at least 15 employees, be for or not for profit, be publicly or privately held, have a facility in Orange County and be in business for at least one year. For further information on the survey process please visit www.BestPlacestoWorkOC.com.
